

Highlights:

Day 1—We begin our trip!

- Departure from Miliona at 6:45 am
Other pickup locations may be available, please inquire.
- Minnesota Machinery Museum in Hanley Falls, MN

The museum features four large buildings filled with beautifully restored gas engines and tractors dating back to 1912. Its mission is to recapture a century of stories about farm life. Implements, tools, tractors and gas engines in mint condition along with rural art help you look back to an era when neighbors worked together to harvest their crops, raise barns and build a better life for their families.

- Farmamerica—Minnesota Agricultural Interpretive Center in Waseca, MN

See and hear how farming has changed over the past 160 years. Experience first-hand how the farmers of Minnesota survived in the 1800s, thrived in the 1900s, and developed the modern farming techniques of today. Plus look at new technologies and how agricultural will be changing in the future.

- John Deere Tractor Engine Museum in Waterloo, IA
- Dinner and tour at Hansen’s Dairy Farm in Hudson, IA
- Spend night at Comfort Suites, Cedar Falls, IA

Experience where it all began

The company John Deere founded has a presence around the world, but it all started in Illinois. When you step foot on the grounds of the historic site, it will feel like taking a step back in time. Hear the floorboards creak as you walk inside John Deere's home. Take in the beauty of the picturesque landscape. And feel the heat of fired steel inside a working blacksmith shop. Whether you're a John Deere fan or a history buff, it's an experience you just can't miss.

John Deere Factory Tours

Go behind the scenes to see how the biggest machines are brought to life in some of the most modern and efficient factories in the world. Tour guides will take us through the manufacturing process, explaining how all the pieces come together to create these massive green machines.
