- **Teddy Roosevelt Show:** Joe Wiegand has been Medora’s Teddy Roosevelt repressor since 2012. Like the original TR, Joe travels throughout the country, from the White House, to all 50 states, he comes to life every summer in Medora.
- **ND Cowboy Hall of Fame:** immerse yourself in the exciting story of the plains horse culture, and learn about the experiences of North Dakota’s Native Americans, homesteaders, ranchers and world-class rodeo cowboys.
- **Spearfish Canyon Scenic Byway:** this 22-mile route is one of the most awe-inspiring drives in the Black Hills, with breathtaking panoramic views, historic landmarks and scenic overlooks along a winding road that meanders through towering limestone cliffs, waterfalls, and abundant wildlife.
- **Mount Rushmore National Park:** majestic figures of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln, surrounded by the beauty of the Black Hills, tell the story of the birth, growth, development and preservation of this country.
- **1880 Train:** a narrated 10-mile trip between Keystone and Hill City. Passengers view vistas of Harney Peak, mining encampments and participate in good old-fashioned fun. Trains follow the original route of the Chicago, Burlington and Quincy Railroad laid down in the late 1880s to service the mines and mills.
- **Bear Country USA:** is 200 acres situated amidst pines and rolling meadows eight miles south of Rapid City. Enjoy a leisurely three-mile drive through “the home of the largest collection of privately owned black bear in the world”. Visitors watch as these clowns of nature frolic in a pool, climb trees and amble across the road in front of their vehicle.

- **Wall Drug:** established in 1931; offers dining, activities, gifts and souvenirs, visitor information and, of course, free ice water. Many road-worn travelers stop at Wall Drug and leave awake and refreshed, just like they did more than 80 years ago.
- **Corn Palace:** the Palace is redecorated each year with naturally colored corn and other grains and native grasses to make it “the agricultural show-place of the world”. The Corn Palace is known around the world as a folk-art wonder on the prairie of South Dakota.
